SUPER LOW FRICTION BOWED ROLLS FROM WEBANCOR FOR USE WITH LIGHT GAUGE FILMS

The WEBANCOR type LFBR-“BLUE” series bowed roll.

WEBANCOR is introducing the “**BLUE**” series of bowed rolls for light plastic film. This is the newest of the line of bowed rolls, and is specifically for plastics films on blown film lines and film printing, it not recommended for use with paper products.

The “**BLUE**” reduces the friction of the roll so that the light films can turn the roll without stretching the material.

For the ultimate low friction, but when a higher cost will justify the use, ceramic low lubrication bearings are an option. This is the final stage before requiring a driven roll. It is especially useful for RETRO-fitting machines without roll drives.

It is available in 3”-3 ½” – 4” and 4 ¼” diameters, and with the economy (shown) and heavy duty mounts, both fixed and adjustable. It is also available with machined, and drilled and tapped journal ends for frame mount.

**Manufactured in Canada and shipped around the World.
Sales offices in Canada, USA, Europe and Indonesia**

WEBANCOR MANUFACTURES THE FOLLOWING PRODUCTS

AIR SHAFTS: Core shafts for any size core inch or metric from 1" to ?
Bodies of Aluminum, Steel, carbon Fiber
Unwind, Rewind, Lug, button, leaf types
Center wind, surface wind, with bearings, bushings,
For safety chucks.
Round, square, hexagon, pin and other type drives

MECHANICAL SHAFTS: Standard core sizes, shafts manufactured to order.
Aluminum, steel and Carbon Fiber bodies

AIR CHUCKS: Air expansion chucks for common core sizes in inch and metric
Aluminum body, Leaf, lug and tire type grippers
Shafted and shaftless
Single, double and triple lengths in one chuck.

MECHANICAL CHUCKS: For both shafted and shaftless operations.
Leaf, lug, and pad type grippers.

BOWED ROLLS: Fixed and Fully Adjustable
Foot or flange type mounts
Custom mounts, drilled and tapped center bar
Custom sealing of end bearings.
Long life lubricated low friction bearings
Special compound sleeves available

IDLER ROLLS: Live or dead rolls
Steel, aluminum, and composites
Long life bearings.
Balanced for all speeds

AIR SHAFT BLADDERS: Bladders available for ALL MAKES of air shafts
Manufactured in our plant with rubber compounded
especially for airshaft use.

SUPPLYING MACHINERY BUILDERS AND END USERS AROUND THE WORLD

SERVING THE WEB CONVERTING INDUSTRY
